

## WORKSHOP WEBSITES

WORKSHOP WEBSITES is an initiative that puts professionally-designed websites in the hands of artists and small businesses without breaking the bank. By utilizing the resources of [THE LETTERBOX WORKSHOP](#) and assisting clients with content-development, we are able to deliver websites with custom graphics and a host of optional features in as little as a few weeks.

### THE WEBSITE

Each WORKSHOP WEBSITE starts with a custom design by THE LETTERBOX WORKSHOP and includes six pages:

- Splash Page ("Home Page")
- About Us/Contact Page
- 3 Product/Services Portfolio Pages
- Links Page

### THE OPTIONS

WORKSHOP WEBSITES are remarkably versatile. Each of the following options can be added to enhance your site with more content and features:

- Splash Page Slideshow – a dissolve/fade slideshow adds impact to your Splash Page
- Google Maps – a great way to show visitors where your business is located
- Additional Pages – display a wider variety of products and services
- Portfolio Page Slideshows – perfect for artists to display their work with elegance
- Search Engine Optimization – improves your website's search engine rankings
- Email Addresses @yourdomainname.com add to the professionalism of your online presence
- Contact Form – encourages visitors to make inquires about your products and services
- PayPal/Google Checkout Integration to sell products via your website
- Monthly Content Updates – keep your website more current and improve search engine rankings
- Additional Custom Design Work – for improved website strategy, graphics, and other features

### THE HOSTING

Our hosting package includes website maintenance and quarterly content updates. It is required for all WORKSHOP WEBSITES.
